### Objective

I am a student at Coder Academy working towards becoming a full-stack developer. I'm motivated by a love of problem solving and creating beautiful, accessible work for the web.

### Educational Training

**TAFE NSW**

Certificate IV in Small Business Management

- Enrolled in November 2017 and completed in August 2018
- Learned various strategies for finance management and risk assessment
- Training in SEO for businesses with online platforms

**University of NSW**

Bachelor of the Arts, Major in Fine Arts (Drawing & Printmaking)

- Enrolled January 2019, currently deferred to study full-stack development. Projected graduation 2022.
- Transferrable design skills such as colour theory and accessibility in design

### Career Summary

**Sales Assistant**

Australian Geographic  
July 2018 - February 2020

- Used critical thinking and problem solving skills to help customers with technical issues
- Utilised various STEM education tools and products such as Raspberry Pi 3

**Practicing Artist**

Freelance  
2016 - present

- Works closely with clients to produce their desired outcome
- Manages contracts, payments, and copyrights
- Manages online platforms such as social media accounts and personal website

### Professional Skills

**Coding Languages:**

HTML, CSS, SCSS, PHP

**Frameworks/Systems:**

Git, GitHub, Visual Studio

**Design Software:**

Balsamiq, Figma, Clip Studio, Procreate, Inkscape
